Description

“La Casa del Libro” is a property of the Institute of Puerto Rican Culture, located at of Christ street. Before it was protected by the Friends of Christ Street 255, inc. (Museum of La Casa del Libro) and the reinstallation of this Museum in this building is the main intention of our project. For that reason, in ACP Group our professionals worked under the concept of rehabilitation, which included structural strategies, mechanical, electrical and architectural. Obtaining in our new museum, pleasant spaces and appropriate visual impact results for visitors and residents of the street.
